

MY TURN, YOUR TURN

Many ways to share. Brighter fun for everyone!

There doesn't
always have to be
one "right" answer.

Hi!
I'm Bako!
Sharing can be
tricky sometimes,
but when we think
about each other,
we can find
ways that work
for everyone.

1 One swing. Two children want a turn. What could they do?

Some ideas:

- My turn, then your turn.
- Let's use it together.
- Let's find another way.
- What's another idea?

2 One favourite toy. A friend would like to play with it. What could they do?

Some ideas:

- My turn, then your turn.
- Let's use it together.
- Let's find another way.
- What's another idea?

3 One box of crayons. Two children want the same colour. What could they do?

Some ideas:

- My turn, then your turn.
- Let's use it together.
- Let's find another way.
- What's another idea?

4 Two children are building together, but they have different ideas. What could they do?

Some ideas:

- My turn, then your turn.
- Let's use it together.
- Let's find another way.
- What's another idea?

Let's Think Together

- How do you think each child feels?
- What could help both of them?
- Can you think of another idea?
- Is there a kind way everyone can be happy?

Different people. Different ideas.
That's okay!
Kind friends find ways together.
